921 HEAVY DUTY UTILITY KNIFE BLADES

Australia's No.1 Blade! Premium English quality available in 10 and 100 packs and a safety dispenser of 100.

RETRACTABLE KNIVES

Sterling®

AUTOLOADING - 112

Front loading blades. Safety button allows blades to be removed or turned without opening knife body. 5 blade magazine automatically re-loads new blades. Unique shape for superior grip and control. Heavy duty all metal construction with smooth reliable mechanism. Auto blade loading reduces accidents. All metal mechanisms - metal springs and slides.

Sterling®

SPORT PRO II - 3039

Multi-use knife with both quick-change utility blade and fold out sport and rescue blade. Secure rubber grip and compact folding design for ease of use and comfortability. Safety folding latch allows both blades to be safely folded for carrying. Handy belt clip for portability.

Sterling®

ULTRA-GRIP - 115

Ergonomic shape fits all size hands. The most popular Sterling retractable knife. Ribbed body for improved hand grip with gloves. Die cast zinc construction for longer life. Large overlap above and below blade to prevent injuries. Hi-vis safety yellow stands out for easy locating.

Sterling®

STEALTH KNIFE - 3038 AUTOLOADING POCKET KNIFE

Automatic blade loading. Highest quality blades. Easy blade change function allows blade to be removed, turned or reloaded without opening the knife. Comfortable

SNAP CUTTERS

Sterling®

ALL-METAL - 360

Slim stainless steel body for ultimate durability. Auto-lock mechanism prevents blade slipping. Handy pocket clip to keep it in your shirt pocket. Supplied with 3 blades.

Sterling®

AUTO-LOCK - 330

Stainless steel sleeve for long life. Refined auto-lock mechanism prevents blade slipping. Handy pocket clip to keep it in your shirt pocket. Original style is a favourite with industry. Replacement blades in knife body. Supplied with 3 blades. Metal safety blade snapper for controlled snapping. Brilliant for graphic arts and tint film.

Sterling®

ZEBRA - 580

Aluminium casing is strong but lightweight. Rubber hand grip is comfortable and secure. Strong long lasting stainless steel blade slider. Screw lock blade locking for secure, positive holding power.

Sterling®

SCREW-LOCK - 550

The popular traditional screw-lock cutter. Ergonomic body fits all hands comfortably. Refined mechanism for ease of use. Supplied with snapper for safe removal of blade segments. Supplied with 3 blades.

Sterling®

SCREW-LOCK EXTRA LONG - 565

Screw-lock mechanism. Ribbed for controlled gripping. Ergonomic body fits all hands comfortably. Super long reach.

Sterling

EXTRA HEAVY DUTY - 700

The most popular 25mm extra heavy duty cutter. Screw-lock provides peace of mind when tightening blade. Rubber grip on rear reduces hand slipping when applying pressure. Extra-thick stainless steel sleeve for longer life. Supplied with 2 blades.

Sterling

COMMANDER - 760

Extra heavy duty 25mm cutter with strong auto-lock system for fast, safe blade adjustments. All metal construction is durable and strong. Ribbing on body to provide secure grip. Metal clip and blade snapper on back of cutter. Wider and thicker 0.7mm blade reduces flex in heavy cutting.

Visit sheffield.com.au to view the full knife and blade range

Premium quality snap off and non-segmented blades available for all applications in 9mm, 18mm and 25mm widths. Pack sizes from 10 to 50 blades. Blades made in Europe, England and USA.

SAFETY KNIVES

Sterling®

SAFETY THUMLOCK - 115-1YR

Automatic blade retracting system reduces accidents. Thumlock screw for easy blade changes without tools. Die cast all metal construction for maximum strength. Ribbed body with Suregrip design prevents slipping, designed for gloved hands. Supplied with safety tip blade.

Sterling®

DOUBLE-PLUS - 417

Automatic self retracting blade system reduces injuries. Blade still retracts if contact is lost even when slider is still pushed forwards. Rounded thumb slider can be used from both sides or the top. Rubberised grip avoids slipping. Easy blade changes with no tools. Safety tip blade protects carton contents.

Sterling®

LONGREACH LEFTHANDED - 416-L

Left handed use. Longest reach of any knife with automatic blade retracting system. Rubbergrip on body is comfortable and prevents slipping. Symmetrical design allows blade to be inserted upside down for left hand users.

Sterling®

SIDE-SLIDE - 412

Automatic blade retracting system prevents injuries. Symmetrical design allows blade to be inserted upside down for left handed users.

Sterling®

MICA - 100R

Automatic blade retracting system prevents injury. Light weight design with 4 edged blade. Limited depth of cut with rounded edge blade protects carton contents. Suitable for cutting

SAFETY TOOLS

Sterling

KLEVER TYPE SAFE EDGE CUTTER - 326-2

Enclosed blade safety cutter. Tips can be used as a tape cutter. Unique shape prevents damage to carton contents. Light, safe and easy to use and disposable

Sterling

TUSK II - 441

Super sharp circular blade cuts most packaging materials. Big grip and sturdy body for demanding applications. Rubber grip handle is comfortable and prevents slipping. Tape splitter on back of cutter allows safe opening of cartons. Easy blade changes without tools.

Sterling

BLADE DISPOSAL CASE - BLR

Safe disposal of used blades. Suits all type of blades and blade segments. Compact design clips to your belt.

Over 45 different safety knives and cutters are available in the Sterling Safety Range

The Sterling range includes a wide variety of premium quality blades to suit all safety knife and cutter applications.

Sterling®

AVIATION AND OFFSET TIN SNIPS

Drop forged molybdenum alloy blades induction hardened for long life. Cuts up to 1.5mm cold rolled steel or 1.0mm stainless steel. Hi-tensile pivot bolt for maximum durability. Squeeze quick-release handle catch. TPR rubber grip handles for extra comfort. Comes with a plastic belt holster. Aviation and offset tin snips come in right and left cut. Long cut and straight cut aviation tin snips available.

Sterling®

COMFORT GRIP LOCKING PLIERS

Constructed from chrome vanadium steel for maximum toughness. Thermoplastic rubber handles ensures slip resistance and extra comfort. Available in 250mm straight and 250mm curved jaw.

Sterling®

ADJUSTABLE PLIERS

Comfortable rubber grip. Ratchet automatically adjusts to required size. One hand operation. Jaw design reduces slipping and effort. Anti-pinch guard. Chrome vanadium with black phosphate finish. Available in 175mm (7"), 250mm (10") and 300mm (12").

Sterling®

WIDE JAW ADJUSTABLE WRENCHES

Thin jaws allow access to confined spaces. Jaw angle of 15° for a secure grip on the nut. Comfort grip, anti-slip handle. Available in 150mm (6") 200mm (8") 250mm (10") 300mm (12")

T-REX SAW - 50-770

Sterling®

550mm (22") 8TPI Handsaw with triple ground shark point teeth for fast cuts even in hardwood. Hardened teeth are durable and will cut a wide range of materials including timber, laminated boards, plastic pipe, plasterboard, cornices, etc. Rubber grip handle is comfortable, secure, and has 90° and 45° angles for accurate marking out.

Sterling®

T-REX 6" DRYWALL SAW - 50-660

Hardened teeth keyhole saw. Triple edge grinding cuts forward and backwards. Ergonomic rubber grip handle. Sharpened and hardened triple point tip for easy jab starting.

Quick release handle for fast and easy blade change.

Unique high tension blade clamping thanks to the combination of the lever blade change system and tensioning screw.

Sterling®

RHINO GRIP BI-METAL HACKSAW FRAME - HF-506

Ergonomic rubber grip for comfortable extended cutting and a unique high tension hold system. Solid steel core frame covered in moulded ABS plastic.

Sterling®

STERLING BI-METAL

Bi-metal flexible blade 12" / 300mm. Virtually unbreakable. Industrial quality. Available in 18, 24 and 32 TPI
